CLUB NOTICES

NOSTELL MINERS WELFARE JUNIORS TAKE ON THE WORLD!

Nostell Miners Welfare U12's have the chance to go global with an incredible opportunity to compete abroad in 2026 — but we need your support to make it happen.

The team are having to completely fund this trip themselves so will be doing lots of fundraising over the coming months.

The first opportunity to support them is with player sponsorship. For £50 (season 25/26) you will get a player profile sponsorship photo, your business logo on the website along with your player along with invites to events across the year for the team!

@NostellMWFC

CLUB HISTORY

Records exist that a team from Nostell Colliery won a Wakefield District football competition in the 1890s. The club has photographs of Nostell Colliery teams from 1915 & 1921. At that time the football field was not in the present location but on two sites fairly close by.

The Miner's Welfare was formed in 1928 after the purchase of the land by the Miners Trust Fund. The sum of £400 was paid to a local landowner for 4.5 acres which includes the land on which the present ground is situated.

In the late 60's the club had a period of sustained success, winning several Wakefield District competitions and eventually being selected to join the West Yorkshire League, lifting the Division 2 League and Cup double in the 1966/67 season. However, the successful team eventually broke up and the club went back to the Wakefield League in the early 1970's. Enjoying relative success the club began to develop again; two teams were formed, the first team joining the West Yorkshire League in 1982. However sadly even with mining subsidence to the ground, fundraising of over £30,000 allowed the pitch to be levelled off, drainage installed and other ground improvements, Nostell Colliery was closed. The nearby colliery houses (1st to 7th street) were demolished and the Welfare struggled to survive.

The football continued throughout this difficult period. Promotions were seen through the divisions of the West Yorkshire League, which eventually led us to our present NCEL status.

At this point, the club's most successful period in its distinguished history was about to begin, with the appointment of Alan Colquhoun as 1st team Manager in the late 1990's. After initially struggling in the West Yorkshire Premier League - Alan scored two goals to save us from relegation!

@NostellMWFC

Gary Baker joined as Colquhoun's assistant and the team gradually improved, eventually being crowned Champions of the West Yorkshire Premier League, lifting the corresponding Cup and appearing in 3 consecutive finals, 2 County Cup final appearances and lifting 6 Wakefield & District trophies among other successes.

Off the field, the introduction of the Coalfield Regeneration Trust encouraged other funders to invest in the Miners Welfare. The ground was officially renamed Crofton Community Centre with approximately £1.5 million secured to provide the present facilities with Sport England, Football Foundation and the FA providing substantial sums of money to help the football side of the developments.

With the improvements on and off the field, a successful application to the Northern Counties East League was made, heralding a new and exciting venture for the Club.

Gaining promotion to the NCEL Division 1, Nostell finished a respectable 4th in their first season 2006/7. Due to the Northern Premier League reforming its structure, along with one NCEL going to the wall for financial reasons, Nostell gained promotion to the NCEL Premier Division. A terrific first season in the premier league 2007/8 saw Nostell finish 5th, having led the division for the first quarter.

The following season 2008/2009, successful cup runs in FA Competitions caused an end-of-season fixture congestion. Playing every Saturday, Tuesday and Thursday for the last six weeks of the season, Nostell eventually finished 13th not losing to any of the top four teams home and away. However, the Welfare, who were the underdogs, beat Scarborough Athletic over 2 legs to win the "Presidents Cup", probably the highest point of Nostell's recent history.

During season 2008/9 Nostell had their first player to be signed by a Football League club. Stockport County signed Oli Johnson who impressed during a friendly fixture.

@NostellMWFC

Oli made an instant impact for County who sold him to Norwich City, where he was involved in the League 1 Championship winning team. Nostell got a percentage of the transfer fee and with appearances monies eventually banked over £20,000.

During the campaign of 2015/16 season, despite a positive start, with several occasion's results failing to match performances, partway through the season Simon and Paul left the club. Despite the hard work and best endeavours of all those involved, players, committee and management it wasn't enough, as a result, the club was relegated from the NCEL Premier League.

A disastrous 2016/17 season in which the club finished bottom of Division 1 we were offered a last-minute reprieve and retained our status in the NCEL.

Halfway through the 2017/18 season, the club was in difficulties once again struggling in Division 1 another managerial change was inevitable. The appointment of joint Managers Simon Houghton & Jason Dodsworth with a huge amount of NCEL experience proved a turning point in the clubs' fortunes, initially securing our NCEL status and avoiding relegation.

The 2018/19 season was overall very positive accumulating the highest number of points in a NCEL season than any previous Nostell side, finishing a creditable fifth and securing a return for the club to The Emirates FA Cup in 2019/20.

Having started the 2019/20 season like a house on fire with six straight league wins in a row, form dipped, players left for pastures new, and the season was heading towards a mid-table finish before COVID-19 struck. The rest is history as we all know.

In guiding the clubs under 19's & 21's over the two previous seasons reaching consecutive cup finals, league champions first time of asking and a hugely creditable second place league finish behind a very strong Harrogate Town u23's,

@NostellMWFC

the committee agreed the way forward was to reward such success and promote from within with the appointment of Ian Walker as First Team manager for the 2020/21 season

Despite many new faces around the club, the emphasis is always to support and develop our youth and junior footballers. Ian's high work ethic, attention to detail and loyalty of his successful group of young rising stars gave them the opportunity to grow and make the step forward to becoming regular first team players. Ian was in charge for three seasons with mid-table respectability achieved on every occasion. Because of work and personal issues Ian resigned after the end of the 2023/24 season. Chairperson over his tenure and the of Houghton and Dodsworth era, Kevin Allsop also stepped down at the same time

The Club advertised extensively to recruit new blood for several key positions and behind the scenes roles. The club received many applicants, eventually after a long stressful process, a team comprising of Liam Willingham, Mathew Wright, Mark Wright, Mark Maspero and Chris Clay were appointed. Other volunteers for important roles are also involved. The Club looked forward to the new 2024/25 season with a new sense of optimism. In September 2024 Liam made the decision to step down as Chairperson. This was a short tenure in post and as an interim measure Scott, Vice Chairman became Chairperson. In October 2024 the committee appointed Chris Clay as Chairperson for the club due to all his engagement and enthusiasm around the club and his passion to drive the club forward.

CLUB UPDATE

The season has well and truly kicked off for the club with every team in action last week. It was a great weekend and the buzz around is something else this season. Last season we had 11 teams, this season we have 19 and it's great to have so many new faces around the club, smiling and enjoying football. We want the club to thrive and be a hub for great football but also for people to really love being a part of a community and feel a sense of belonging. The results are below and we are thrilled with how well everyone did this weekend! Keep an eye on our socials on Sunday night for updates on how everyone did this weekend!

This year's driver and theme is 'One Club'. That means everyone involved at the club. The Junior Section, Senior Section, Disability Section and committee as well as anyone involved in any capacity. This starts from everyone carrying the updated badge which we have now fully rolled out. Social Media isn't just about one team, it's about a club so you'll be seeing lots more about the club and teams in it, and lastly means coming together for events and big promotion pushes across the club. More info on this will follow very soon so keep an eye on our website for more info!

OUR MATCHDAY OPPOSITION

Droylsden were originally formed at the invitation of Joseph Cropper, the landlord of the Butchers Arms public house, to play behind the pub. After twenty years of friendlies and local leagues, disbandment, reformations and changes of strip, the club emerged from World War I the sole survivors amongst the village teams, and as members of the Manchester League. The club also adopted their now traditional colours of red and white, the inspiration for the unusual nickname of The Bloods.

Two games in the 1921 Manchester Junior Cup Final against Hyde United who were in the Manchester Football League attracted over 1,500 fans to see Hyde prevail. However, the Bloods had their revenge two years later, taking the Cup from their local rivals.

The 1930s was the era of Droylsden's record goal scorer, Ernest "Gilly" Gillibrand, scorer of 275 goals in just four seasons. Gilly's goals saw Droylsden to the Manchester League Championship in 1931 and again in 1933, and in the latter season he aided Droylsden to the Third Qualifying Round in their first season in the FA Cup. In 1936, the club successfully applied to join the Lancashire Combination and, a season later, became a nursery club to Manchester City, whose A team played at the Butchers Arms. Also their surplus players were available to Droylsden, who were then disqualified from the FA Cup. When other competitions were suspended in 1939 at the start of World War II, Droylsden entered the Cheshire League, reaching their highest ever league position as runners-up in their second season in 1945-46. However, the club couldn't build on that start and, four seasons later, failed in their second successive bid for re-election. Worse was to come with the sale of the Butchers Arms lease to Belle Vue FC, who renamed themselves Droylsden United. All of which meant that the Bloods were forced out to the nearby Moorside Trotting Stadium. The town wasn't big enough for two clubs, especially with bad feeling between them, and after the local council bought the ground, a merger was negotiated.

@NostellMWFC

OUR MATCHDAY OPPOSITION

Droylsden came home in 1952 to a renovated ground whose pitch had been rotated to its present position, finally eradicating a long-standing drainage problem.

Two decades in the Combination ended in 1968 with a return to the Cheshire League, after the formation of the Northern Premier League. The club won the Manchester Senior Cup in 1973, 1976 and 1979 and enjoyed some FA Cup success, reaching the Fourth Qualifying Round four times in five seasons and the Cup proper twice. In 1976 Droylsden lost 5-3 in a First round replay at Grimsby Town, after a late home goal was disallowed. In 1978, Dave Taylor's goal at Rochdale sent Droylsden through to a second round tie at home to Altrincham, who ended the run with a 2-0 win. However when the late 1970s side broke up, Droylsden's fortunes slumped, and they finished a distant bottom of the First Division in 1982. They were then placed in Division Two of the new North West Counties Football League. The unstable period ended with the appointment of Mark Fallon as player-manager. In his second season Fallon guided the club to the Second Division Championship, which was Droylsden's first senior honour. After finishing third in the inaugural season of the Conference North in 2004-05, Droylsden were looking to go one better and reach the top tier of non-league football for the first time in their history.

A fourth-place finish in the 2005-06 season gave Droylsden a second chance to reach the Conference National through the play-offs. However, they narrowly missed out on promotion in a penalty shoot-out in the final against Stafford Rangers.

On 29 March 2006 Droylsden lost 2-1 to Hyde United in the final of the Manchester Premier Cup. On 18 April 2007 they beat Flixton 3-0 in the final of the Manchester Premier Cup. Three days later they beat Harrogate Town 2-0 and so won promotion to the Conference National as Conference North champions with two games in hand. However, they struggled in the Conference National, and were relegated back to the Conference North on 8 April even though

@NostellMWFC

OUR MATCHDAY OPPOSITION

they beat Farsley Celtic 2-1, due to Weymouth's draw against Grays Athletic the same evening.

A return to the blue square north in the 2008/09 season saw Droylsden finish seventh with an almost completely rebuilt squad. Winners of the Manchester cup and a long unbeaten run in the FA cup, only to be disqualified for an administration error regarding an ineligible player.

2009/10 saw Droylsden clinch a play off spot finishing fifth in the league and after a great display against Fleetwood Town winning 2-0, they lost the away leg 3-1 and went out 5-4 on penalties

The 2010/11 season threw up a mixed bag of results and given the high standards the club has set itself over recent years it was a disappointment not to be involved in the play offs, having said that the club continues to punch above its weight in the Blue Square North on low attendances and should be proud that they are able to compete in such a tough league against clubs of such high pedigree.

The FA Cup and the FA Trophy runs were highlights of the season. The team got further than ever before in The Trophy which was a fantastic achievement in itself. The club was also involved in a great FA Cup run culminating in drawing at home to Leyton Orient on live television only to be beaten in extra time at the away replay in a somewhat bizarre ending to a game in which for long periods the Bloods outplayed the O's. Silverware was once again in the trophy cabinet courtesy of another Manchester Premier Cup win over Ashton United in the final. The Bloods winning a competitive game 4-3.

The 2011/12 season saw the Bloods finish in a respectable ninth position in the Blue Square North.

They exited the FA cup at the 4th qualifying round after two games with Blyth Spartans which was disappointing as they dominated these matches but could not convert the chances that came their way. A great win over Mansfield Town at home in the FA Trophy was a season

@NostellMWFC

OUR MATCHDAY OPPOSITION

highlight but they were beaten in the next round by Kidderminster Harriers. Droylsden's dominance of the M/cr premier cup in recent years came to an end when they were not in a position to field a team to contest the final, the game and the cup were awarded to Mossley.

The 2012/2013 season proved to be the worst season for a good number of years in terms of both results and off field problems, financial constraints on the club meant that more resources were channelled into sorting out these finances and the playing side obviously suffered, perhaps inevitably relegation loomed for most of the season despite the best efforts of management and players. So a new start in a new league beckons for 2013/2014 in the Evo Stik Premier league.

The 2013/2014 season was a disaster on the field but off it a great triumph was relatively unheralded outside the club and that was the achievement of staying in business and being able to continue the history of Droylsden FC, all funds were channelled into paying off our debts with nothing left for the playing budget, inevitably despite the best efforts of everyone involved relegation to the Evo Stik first division ensued, hopefully now is the time for rebuilding as we look to the future and try to put the dark days behind us.

The 2014/2015 season finally saw some stability return to the club, off the field our chairman managed to bring our finances under control with the settlement of a large debt, and on the field we were in a position to field a competitive team for the first time in a few seasons. A mid table finish was a great improvement on previous years and whilst it was not a remarkable season in terms of success it does look as if we have managed to stop the downward spiral the club had been involved in and it gives us a platform to try and bring some success back to the club, this season did prove to the Droylsden faithful that there is light at the end of a long, dark tunnel and hopefully this season can be the start of another journey onwards and upwards.

@NostellMWFC

OUR MATCHDAY OPPOSITION

The 2015/2016 season was another season of consolidation and was pretty much nondescript in the main, no good cup runs and a league campaign which was disappointing, although there was never a real possibility of relegation a final league position of 19th was not what anyone had wanted or expected but the club showed its fortitude once again by maintaining its trading position and there is real hope that as we progress off the field we can once again do the same on the field.

The 2016/2017 season was a season of underachievement, in that the team never really fulfilled its true potential on the pitch, we were back to the good football and passing which has been our hallmark in the past but too many games were either lost or drawn and a thirteenth position in the league was not the impact which was wanted, however all bodes well for the next season as it is hoped many of the current squad will remain and with a few additions we are all looking forward to another exciting campaign.

The 2017/2018 season was definitely a season of two halves, the run up towards the festive period was looking good, good league position and going well, culminating in the team of the month award for December but the new year saw the onset of a really poor run of form which left all our early progress in tatters, eventually finishing in 13th position in the league, safe, but not good enough for the Bloods faithful who were hoping for better times especially given our blistering start.

The 2018/2019 season was a season of under achievement the team finished in fourteenth position at the end and although it started quite brightly there was no consistency throughout and any hopes of a return to the premier division were quashed sooner than we all had hoped, we were never looking to be in a position where we were in danger of relegation but for the Bloods faithful and indeed the management it was not the season they had hoped for.

@NostellMWFC

OUR MATCHDAY OPPOSITION

With the nation put into lockdown in March 2020, the club's season in the NPL came to an end. The club was badly hit by loss of revenues during the pandemic and withdrew from the league. A fan's forum in early 2023 and fundraising events saw the club revived and its application to join the North West Counties League for the start of the 2023-24 was successful. Starting from scratch and whittling down the 130 prospective players who turned up for a trial on a boiling hot June afternoon, the club would reach the playoffs in the 1st Division South in that first season, narrowly losing to Stockport Town while also reaching both semi finals of the NW Counties Cup competitions. Last season the club maintained a top five position having been moved to the First Division North throughout the season and after winning on penalties in the semi final of the playoffs would miss out on promotion after a disappointing 2-0 home defeat to Euxton Villa in the playoff final.
